STUDIO NOTE

“WELCOME BACK”

DEAR PARENTS AND STUDENTS:

I hope your summer has been both relaxing and productive but, most of all, fun. We are gearing up for another exciting Fall semester and registration is now open for Piano and Flute Lessons.

Please reply to this email to schedule a lesson today.

PRACTICE:

- Regular practice is a vital component to the process of learning to play an instrument. Very few children have the self-discipline or motivation to practice on their own. Therefore, it will be up to you mom and dad to strongly encourage practice and set aside time for it every day.

- **Children between the ages of four and six should practice for ten minutes everyday.** If you can fit in more time or split the practice sessions between morning and afternoon, your child will be very successful, and will enjoy learning to play an instrument.

- Children seven and older should perform twenty minutes or more of practice every day. This will insure steady progress.

When children arrive for their lesson feeling prepared, and their music is well practiced, the lessons are more productive and the children come away with a positive experience.

I will keep you posted with our Calendar of Activities, and I look forward to working with each and everyone of you.

MUSICALLY YOURS,

Ms. Shazkya D. Fernandez

National Certified Teacher of Music
